- ® European finishes (Treffert™ - Germany) and glues (Dynorit® – Norway)
- ® Environmental certifications: Canadian EcoLogo^M Certification, LEED credits, meets European E1 environmental criteria.
- ® *“Consistent product every time for the last 5 years!”
~ Rowan Hardwood Floors, Newmarket*

Silkroad® Benefits:

- ® The most recognized brand of bamboo flooring in Canada.
- ® 1-2 day turn around on standard stock items.
- ® Premium styles include: Stains, Wide-boards, Hand-scraped planks, Long-planks (6ft lengths), Composite flooring.
- ® Air vent grills, custom stair treads, reducers, stair-nosings, quarter-rounds, t-mouldings and baseboards.
- ® Create custom furniture and interior finishings (cabinets, countertops, etc) to complement your bamboo floors.
- ® One of the only factories in China to have these internationally-recognized quality controls.
- ® Additions to existing floors and repairs are possible - with other brands this is not possible as gloss and colour vary so much.
- ® Minimal gapping and warping when the planks are laid. Bamboo is an exotic wood and this is vital for a sound floor!
- ® Straight boards mean easy installations and a tight-fitting, beautiful finished floor.
- ® A more durable and well held together product - bamboo floors made with low quality glue may delaminate!.
- ® Very low toxic emissions from our finishes and glues means homeowners with chemical and environmental sensitivities will be able to live on Silkroad® bamboo floors.
- ® Satisfied customers!
